

Flag *The* Technology

Corn field with glyphosate (white) and glufosinate (bright green) stacked technology

BRIGHT YELLOW
is the color chosen for Clearfield® rice technology and STS® soybeans.

RED
signifies conventional varieties with no herbicide traits. Extreme Caution. Sensitive Areas can also be marked with the red flag.

BRIGHT GREEN
indicates the LibertyLink® technology. This technology is tolerant to glufosinate (Ignite®) herbicide.

WHITE
represents the Roundup Ready® technology that is tolerant to glyphosate herbicide.

WHITE WITH GREEN BORDER
indicates the Roundup Ready® technology combined with LibertyLink®.

WHITE WITH YELLOW BORDER
represents the Roundup Ready® technology combined with STS®.

GREEN WITH YELLOW BORDER
signifies the LibertyLink® technology combined with STS®.

Introduction

This guide will walk you through the necessary steps for registering a *Flag the Technology Cloud (FTTCLOUD)* account.

Open Registration page

To begin registering an account, click **Register** in the main menu bar which is positioned near the top of the screen.

Create username and password

The first step will be creating a **username** and a **password**. Your **username** may consist of alphanumeric characters.

Passwords **must meet** the following **minimum requirements**: 1 lowercase letter, 1 uppercase letter, 1 special character, 1 number, and a length of 8 characters. A popup message will be displayed reminding you of the password rules and indicating which ones have not been met as you type in your password.

Registration

Fields with * are required.

username *

password *

Retype Password *

Security Question *

Minimal answer length is 8

Security Answer *

User Type *

- County Agent
 Producer

Password Rules:

- ✔ Must contain at least one lowercase letter.
- ✔ Must contain at least one capital letter.
- ✘ Must contain at least one special character.
- ✘ Must contain at least one number.
- ✔ Must be at least 8 characters.

Acceptable Special Characters:

! @ # \$ % ^ & * ()

Security question and answer

After creating a username and password, you will need to select a security question (10 choices to pick from) and provide an answer for the question (minimum of 8 characters). The security question and answer will be used for recovering your password via the lost password page.

Security Question *

Minimal answer length is 8 characters.

Security Answer *

Security Question *

- What was your dream job as a child?
- What is the middle name of your oldest child?
- What street did you live on in the second grade?
- What was your childhood nickname?
- What is the name of your favorite childhood friend?
- What school did you attend for sixth grade?
- What is your oldest sibling's birthday month and year? (e.g., January 1900)?
- What is your maternal grandmother's maiden name?
- In what town was your first job?
- In what city did you meet your spouse/significant other?

- Consultant
 Commercial Applicator

Security question answers must be at least 8 characters in length.

Security Question *

What street did you live on in the second grade? ▾

Minimal answer length is 8 characters.

Security Answer *

1 Main

Security Answer is too short (minimum is 8 characters).

User Type *

Select an account type

Once your security question and answer have been chosen, select a **User Type** and **County Home**. Only one of the following user types may be selected: Producer, Consultant, Commercial Applicator, or County Agent.

If Producer is chosen, the option for adding up to four additional counties, in addition to the home county, will become available. Home county designation is based on either your place of residence or where your farming interests lie primarily. If your farming interests are limited only to your home county then select none of the additional counties. Otherwise, up to a maximum of four additional counties can be selected at the time of registration. The other three user types, Consultant, Commercial Applicator, and County Agent, will only require the selection of one home county.

Personal information

FTTCloud requires a few pieces of personal information. This data will strictly be used for verification purposes.

Telephone number (not required for County Agents)

If Producer, Consultant, or Commercial Applicator was selected as the user type (County Agents may skip to the next step), a field requiring a daytime phone number at which you can be reached will appear above the "E-mail" box. The phone number should be entered in the following format: **555-555-5555**.

Please use this format: 555-555-5555

Phone Number *

E-mail *

Producers will have an extra option, a checkbox, beneath their **Phone Number** input box. Checking the box will allow Commercial Applicators to view the registering Producer's telephone number when the Commercial Applicators click on the Producer's fields.

Phone Number *

 Check box to allow Commercial Applicators registered in your counties to view your phone number.

Email, first and last name

Next, you will need to provide an email address, first name, and last name. When entering an email address, keep in mind you will need to verify the account via an email sent to the provided address before your registration can be completed. Your email address will also be a way for other account holders to search for you in the user database.

E-mail *

First Name *

Last Name *

County Agents will be required to register with a 'uaex.edu' email address.

County Agent
 Producer
 Consultant
 Commercial Applicator

Please designate under County Home where you primarily reside or work. County designations may not change after user-registration, so please take care in picking your home county.
[\(Further Instructions\)](#)

County Home *

E-mail *

If any other domain is entered, the County Agent will be unable to register and a related error message will appear.

County Agent
 Producer
 Consultant
 Commercial Applicator

Please designate under County Home where you primarily reside or work. County designations may not change after user-registration, so please take care in picking your home county.
[\(Further Instructions\)](#)

County Home *

E-mail *

County Agents must use an uaex.edu email address.

Verification code and register

The last two steps on this page will be to copy the **Verification Code** and click the **Register** button located at the bottom of the form.

Verification Code

[Get a new code](#)

Please enter the letters as they are shown in the image above.
Letters are not case-sensitive.

Register

Copy the
verification code
into the textbox
and click "Register"

Email Verification

After clicking the **Register** button the **Registration** page will load a new page with instructions to verify your email address.

In the inbox of the email address provided during registration, there will be an email from FTTCLOUD. Inside the email message is a link that when clicked will validate your email address (circled in below image). Click the link and validate your account's email address.

Clicking the link will return you to the FTTCLOUD **User activation** page and confirm that your account is now activated.

User activation

Your account has been activated. You are ready to **Login** and start using *Flag the Technology Cloud*.

Login

Click **Login** in the main menu bar to load the **Login** page. Provide the email and password that were used during registration and click **Login**.
